## Heart Attack Takes Warren C. Henslee Mon., December 25

### Well-Known Retired Pastor Succumbs at Home Here

Rev. Warren C. Henslee, 75, a former pastor at Antioch Methodist church, and having resided here since his retirement three years ago, died suddenly on Monday, December 25, after suffering a heart attack at his home on route 21 north of Antioch.

He had been in fair health and his sudden death came as a shock to his many friends and acquaintances throughout the community. His death occurred at 2 p. m.

Rev. Henslee had spent a full life at his chosen work having been ordained in 1906. He was born at Minier, Ill., April 14, 1875, and after taking up his life work had been pastor of churches in Kansas, Indiana, and Illinois, before coming to Antioch Methodist church in 1937. Much growth of the church and its work was observed under his leadership, and the current healthy condition of the church is due to his good work.

He was active in many organizations among them the Rock River Conference, Sequoia Lodge A. F. & A. M., Antioch Chapter O. E. S., and he served for many years as a member of the advisory board of the Order of Rainbow for Girls.

His marriage to Gertrude Reeves took place on February 20, 1896, and the couple would have celebrated their 55th wedding anniversary on Feb. 20 of this year.

Survivors, other than his wife, include a son Robert Lloyd Henslee, of Winter Park, Fla., two sisters, Mrs. Iva Parrish and Mrs. Nina Waggoner, both of Kansas City, Mo. Funeral services will be held at the Methodist church on Friday, December 29, with Dr. A. T. Stephenson, Supt. of Relief Association of the Methodist Conference in charge. He will be assisted by Dr. Bradburn, Supt. of the Northern District of the Rock River Conference, and G. Richard Tuttle, pastor at Antioch Methodist church.

Friends may call at the Strang Funeral home after 1 p. m. today (Thursday). Interment will be at Hillside cemetery, Antioch.

## Rudolph Newyear, 58, Dies Suddenly Of Heart Attack

Rudolph Newyear, 58, of Russell, died suddenly of a heart attack Thursday, December 21, at the Masonic Temple in Millburn. He was born December 20, 1892, Pleasant Prairie Township, Wisconsin. For the past twenty-four years he had made his home in Russell. He was a member of Millburn Masonic Lodge A. F. & A. M. No. 127, of which he was a Past Worshipful Master. He was a member of Millburn Order of Eastern Star No. 570, and of the Order of Railroad Telegraphers Association. For the past thirty-three years had been telegraph operator and agent at Russell, Wadsworth and Gurnee for the Chicago Milwaukee and St. Paul Railroad, retiring two years ago due to ill health.

Survivors include his wife Beulah, a daughter Mrs. George Birky, a son, Dean, both of Russell, two grandchildren, two sisters, Mrs. Luella Davison and Mrs. Madeline McLuckie and his parents, Louis and Augusta Newyear of Pleasant Prairie.

Funeral services were held December 24 at the Strang Funeral home with the Rev. L. H. Messersmith and the Millburn Masonic Lodge officiating. Interment was in Mt. Rest Cemetery.

### Infirmary Head Retires

Philo C. Burgess and wife who have supervised the Lake County home at Libertyville for 30 years have resigned to retire to their new home at Mundelein. Since they first took over the management of the home for the indigent aged of Lake county, the number of inmates has increased from 41 in 1920 to 86 at present.

### Car Hits Soo Locomotive

John Kaiser, 16, Lake Villa, was one of three youths who escaped injury Tuesday when a car driven by William A. Johnson, 15, Wadsworth ran against a Soo line locomotive near Libertyville and was demolished. Johnson said he saw the train too late to prevent skidding into it. The third youth was Nuel Johnson, 17, of Evanston.

## Seal Sale Still Above Last Year

The total amount received to date in the 1950 annual Tuberculosis Christmas Seal Sale is \$33,800 Mrs. Gerard Fossland, seal sale chairman for the Lake County Tuberculosis Association, said today. This amount is \$2970 over the amount received at the end of the fifth week of the sale last year.

Although Christmas Day marks the official close of the sale, returns will keep coming into the office and the final count will not be announced until April 1, the end of the association's fiscal year, Mrs. Fossland said.

These funds will be used to continue and expand the association's program for finding unknown cases of tuberculosis through tuberculin testing in the schools, mass chest x-raying on the mobile unit, health education, the chest clinic and the nursing service.

## Taverns Offer Special Parties For New Year's

Residents of Antioch and the lake region will not lack for places to celebrate the advent of 1951 according to advertisements in this issue of the News. Most hosts at local places of entertainment are making special plans to provide the best in entertainment, food and drink for New Year's Eve.

Antioch Moose lodge will feature a special New Year's eve party at the lodge rooms on Main Street for members and guests. Orchestra music, and special smorgasbord will be inducements to see the new year in at the lodge rooms.

George and Maxine Kilgore of the 19th Hole, route 59, will feature a special buffet supper (all you can eat for \$2.00) and music and dancing also.

Thor's Club Villa, route 21 near the Soo line overpass, Lake Villa, will again feature their famous smorgasbord this year in addition to other excellent food, music, favors and dancing.

The B-Z-B, Channel Lake, Antioch, will offer music, favors and refreshments in a special effort to help merry-makers celebrate the coming of the new year.

Linders, route 21, south of Antioch, will again feature a special breakfast on New Year's morning, beginning at 5 a. m. New Year's eve Linders will provide music, refreshments and favors, along with the usual excellent food.

Lakes Bowl, Round Lake, will sponsor a special party Sunday evening, with a special deal whereby customers will receive a seven course dinner and refreshments from 9 to 12 for a charge of \$3.50 per person. Favors will be provided and music for dancing.

Cole's Lakeview Resort, Channel Lake, will have favors and a special buffet luncheon for guests on New Year's Eve.

## Rent Control To Continue Until March 31, 1951

Rent control, which was to have automatically passed out of the picture on December 31, except for the communities which had specifically asked that it continue, has been revised by a "shot in the arm" by Congress which has now set the deadline at March 31, 1951.

The Housing and Rent Act of 1950 became effective July 1, 1950, and remains in effect until June 30, 1951. Congress provided, however, that Federal Rent Control should end on December 31, 1950, except in those communities that specifically asked for control to continue.

As a result, December 31, 1950 became a "deadline" for community action. The law provided that rent control would end by automatic expiration on the last day of this year in all incorporated communities that did not specifically act to extend control. The December 31, 1950 "deadline" no longer applies. Congress has now extended the deadline to March 31, 1951. This means that Rent Control will expire in all communities that do not take action for continuance by March 31, 1951.

The purpose of this 90 day extension is twofold:

Throughout the country, nearly 900 communities have already said they want rent control to continue. They adopted resolutions by their local governing councils, or went to the polls on November 7th saying that a shortage of rental housing still existed requiring the extension of rent control. In this area, resolutions for continuance were passed by Waukegan, North Chicago, Antioch, Libertyville, Highland, Round Lake Park, Harvard and Huntley.

## Polio Chairman Reports Significant Advances in Fight Against Disease

Significant advances have been made recently in the fight against infantile paralysis, it was disclosed today in a report on research activities from headquarters of the National Foundation for Infantile Paralysis, made public by Mr. Loren Sexauer, Township chairman of the March of Dimes.

Mr. Sexauer said the report described the recent discovery that Polio Virus can be grown in test tubes containing non-nervous tissue as one that "might have many important applications."

Growing Virus in test tubes, according to the report, has provided a way for rapidly ascertaining the effects of various chemicals and drugs in halting the growth of the virus, and might speed the search for a "Magic Bullet" to stop polio.

The March of Dimes campaign chairman stressed the importance of the National Foundation "Polio Virus typing program". He explained that in recent years scientists have demonstrated that human polio can be caused by at least three types of polio viruses.

"Each of these three groups" it was reported, "produces the same identical symptoms, but each is immunologically independent, and infection by a virus of one group will not lead to resistance against any other groups."

Here in Lake County in the year 1949, 96 cases have been taken care of, of which the most occurred after August 1. In 1950 up to Nov. 30, 36 cases have been hospitalized, and 40 cases carried over from 1949.

The grim facts are the reason for the intensified 1951 March of Dimes now being organized, Mr. Sexauer said, for patient care resources of the National Foundation have vanished and must be rebuilt.

Mr. Sexauer said that the \$4500.00 quota set for Antioch Township was not a difficult amount to obtain provided all residents participate in 1951 as they have in previous years.

## Antioch Farmer Heads County Fair Association; Exhibit to Be at Wauconda

William Chandler, now a resident of Antioch, was re-elected president of the Lake County Fair association at a meeting of directors in Grayslake yesterday.

Recently re-elected as a director of the association was D. H. Minto, Antioch, who was a charter member.

Earl Kane, Mundelein, was re-elected vice president, and Walter Krumery, Grayslake, was again chosen treasurer, but Charles Wray, Wadsworth, was elected secretary to replace Richard Warfield, Wauconda, who asked to be relieved from the position because of his connection this summer with the construction of an addition to the Wauconda High school of which he is principal.

The board accepted the invitation of Wauconda to hold the fair there again this year and set the dates for the first week in August.

Members of the board will attend the state meeting of county fair officials in Springfield Jan. 21, 22, and 23.

Wray will address the convention as head of the food and dairy department of the state department of agriculture.

## Sky Lane Dude Ranch Damaged By Fire Tues.

Sky Lane Dude ranch, a vacation resort located at Lake Villa, was damaged to considerable extent Tuesday morning, by fire believed to have been caused by a defective gas heater. The ranch, which is located about two miles southwest of Lake Villa, is about two years old and had featured all the sports generally enjoyed at a dude ranch.

Damages were variously estimated at from \$50,000 to \$150,000 by firemen from the Lake Villa and Antioch fire departments which were called to combat the fire. Their efforts were badly hampered by the lack of water closely available and the extreme cold. Main damage was to the main part of the building, which was two stories high and contained a barroom, main dining room and guest rooms on the second floor.

About twenty guests and employees were given shelter at the Peter Volld farm home, adjoining the ranch house.

## Lake Villa Reassessment Roll is Published

The Re-assessment roll for the Town of Lake Villa, as fixed by the assessor, appears on pages 3 and 4 of today's issue of the Antioch News. Every resident of the Town of Lake Villa, which includes the Village of Lake Villa should make it a point to check up on the amount of his assessment.

Any property owner who objects to the amount of his valuation should file a formal complaint with the Board of Review within 10 days from the date of publication of this assessment roll.

## Forty-three Drafted by Military Service Board

Forty-three men will be called for military service by Lake county's board No. 150 on Jan. 10.

While the boards have inducted none but 21-year-olds so far, board 151 will call 55 20-year-old men for physical examination at Chicago on Jan. 5.

Draft Clerk H. J. Reardon said early calls for induction in 1951 appear to be no heavier than previous induction orders.

A total of 3,003 Illinois youths will be inducted between Jan. 3 and Jan. 17. Col. Paul Armstrong, state draft director said, pre-induction physical examination for 5,351 men between Jan. 3 and Jan. 19 will take place.

United Nations forces made up mostly by United States service men have been driven half across Korea by Chinese Communists in overwhelming numbers.

## Many Antioch High Seniors Attend Career Conference At Illinois Tech Institute

Twenty-one students from Antioch High school attended the Career conference at the Illinois Institute of Technology in Chicago yesterday, and a larger number is expected to attend the closing day session tomorrow.

Planned for seniors in the high schools of the Chicago area in helping them choose their life work, the conference provides for discussions and counseling by specialists in many technical fields.

Each of the three mornings of the conference an hour is devoted to panel discussions by both adults and students. Then the students go to various class room according to their interests where they are addressed by specialists in the field. All during the day motion pictures dealing with specialized subjects such as engineering, chemistry, nursing, architecture, law, medicine, teaching and journalism are shown.

### Home for Holidays

Miss Geraldyn Gresens, a senior at De Paul university, Chicago, majoring in music, is spending the holiday vacation with her parents, Mr. and Mrs. Ed Gresens.

## Two of Robbers Of Antioch Bank Arrested Dec. 11

Two of the three bandits who were involved in the armed robbery of the First National bank here last March 4, have been apprehended, according to information given out today by Sheriff Stanley Christian.

Information of the arrest of the two had been in the hands of the sheriff since the 11th of December, but had been kept secret in the hope that the third robber would resume his old haunts over the Christmas holidays, but since no trace of him has been found, it was decided to make the news of the arrest public.

Those arrested are Lucy Conlisk, 43, living at 306 S. Halsted st., Chicago at the time of her arrest on December 11, and Edwin Enos, 25, 1408 W. Division, Chicago. The pair were taken into custody after a robbery at 2149 Halsted street in which they robbed a tavern of \$1800.00.

They were arrested by Cook county police, and after their arrest were questioned by agents of the Federal Bureau of Investigation. Federal agents under the direction of Chief Agent George McSwain elicited the information that the pair was implicated in the Antioch Bank robbery, and subsequent investigation brought out the information that the planning of the robbery was done by Chas. E. Wilkink, 35, a former employee of the Regal China company. While living here and employed at the china factory, Wilkink, or Jeffery DeWitt as he sometimes calls himself, planned the robbery and "cased" the job on the Antioch Bank.

Upon leaving here Wilkink attempted to sell his information concerning the bank to various groups of "hoods", but failing this, recruited the two who were his associates in the actual robbery.

Testimony of those arrested showed that the woman, who is a brawny 6 footer, weighing about 190 pounds, was dressed in male clothing and drove the get-away car. After the holdup, the robbers drove east on route 173 to route 41, then north to Russell road and from then on kept to the side roads proceeding to Milwaukee, where the loot was divided and the gang separated.

## Antioch, Lake Forest Meet Tonight in First Round at Grayslake Hi

Antioch High will enter the Grayslake invitational basketball tournament as the underdog in the game with Lake Forest this evening.

The tourney started last night with Elia playing Warren and the winner of tonight's Antioch-Lake Forest game tomorrow night.

In the upper bracket Libertyville and Grant tangled last night and Wauconda played Grayslake. The winner of this bracket will play the winner of the bracket in which Antioch is cast on Saturday night.

Coach Richard Scott said he would use his regular starting lineup tonight and expects his team to give Lake Forest a hot battle.

Resumption of play in the Northwest conference will take place next week for the Sequoias when they meet the Elia Bears here on Friday night. The sophomores will play the preliminaries.

Elia has a much stronger team this year and the game should be a good one.

## January 8 Meeting Of Proposed Men's Club is Cancelled

First meeting of the new Antioch Men's club, which was to have seen the organization of the club, has been cancelled, according to Bernard Guillaume, one of the sponsors of the club. The meeting, set for January 8, was to have been the first and nominating committees were to have been chosen.

Reason given for cancellation of January 8, Judge Harry Porter, the meeting was a conflicting meeting of the Lions club, also set for Evanston Municipal Judge was to have been the speaker at the meeting.

Policy of the new club, as set forth by the organizers, is to provide "the finest social and educational entertainment."

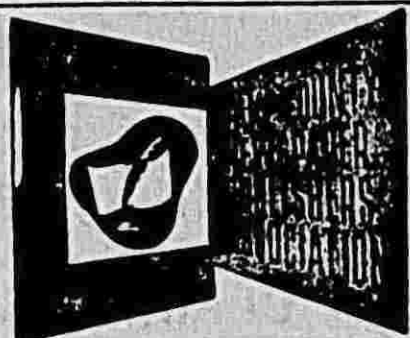

No date has been set for the first meeting.

## The Low Down From Hickory Grove

With 1951 on our doorstep—and with a backward look at 1950 and the way things have backfired—nobody needs a new crystal ball to see a good dozen or even more resolutions for 1951.

And topping the list—and appropriate in many circles and domiciles—comes my favorite, to-wit, "A sucker is a poor fish—I will not be one." When the barber guy says, a little of this elixir would work wonders on that baldish spot—ignore the gent. Mama, she too, could look askance when her beautician launches her sales talk. And amongst the suckers of record are the ones who have swallowed the palaver of those who say, "The Govt. can do it cheaper and better." Woe is us if we don't see the light, like they did not see same in time in England—and we wake up with Uncle Samuel running the banks, turning on and off the lights, running the trucks, digging the coal, tootin' the R. R. whistle, pulling the molar. They do all these things across the pond—as they plead for more mazzuma from us.

There is no aim or ism that does not have a salesman. From the pea under the wrong shell, to Siwash liniment, to "I will save democracy," we been sold something.

Don't be a sucker for a slicker, including the Potomac lads—buckle on your 6-gun—make 1951 different.

Yours with the low down,  
JO SERRA

## Utilities Can't Earn Excess Profits

A short time ago the state commissioners who regulate the utilities held a meeting in Phoenix, Arizona. They issued one report of the highest importance which made these points:

First, an excess profits tax applied to power, gas, communications and the other utilities is not compatible with the established policies of state regulators.

Second, under state regulation, excess profits cannot exist in these enterprises, and the public interest is fully protected.

Third, the present would be the worst possible

time for levying such a tax on the utilities, due to the vast expansion program they are carrying on, all of which is necessary to our future safety, and much of which is in costly facilities that are not yet productive.

Fourth, imposition of an excess profits tax in this field might render state utility regulation economically unworkable.

The report summed up the regulators' position by saying that the commissions "should be continued in their duty and their right to determine what constitutes excess profits in each case," and that they "have conclusively proven that they may be relied upon to discharge their duty to prevent excess profits by regulating the selling prices."

There was a strong intimation, indeed, that an excess profits tax on utilities, by undermining state regulation and by greatly weakening the industry's resources, might result in a new wave of socialization. If this be true, every left-winger in and out of government will be whooping it up for the toughest possible tax on the public service companies as well as all others. It is up to Congress to prevent this from happening, and to carefully adapt tax policies to the special needs and problems of different enterprises.

## Driving Safety—And The Safe Highway

Major General Philip B. Fleming, General Chairman of the President's Highway Safety Conference, recently cast a new light on the problem of driving safety when he said, "I wonder how many of us realize that safety on the highway is directly conditioned by safety of the highway?"

"In raising that question I am not referring merely to the surface condition of our streets and roads. I have in mind a much broader frame of reference, one which involves the integrity of our whole highway system . . .

"Under the impact of today's traffic volumes and load weights we are forced to make increasingly rapid replacements, while at the same time traffic congestion, with its attendant hazards, forces us to provide more ample and much costlier facilities, including expressways and divided highways.

"One resultant is a serious financial problem. We have an estimated minimum need of \$4,500,000,000 per year and the visible revenue is not much more than \$3,000,000,000.

"Obviously money that is spent for highway maintenance limits the amount available for improved and safer facilities."

General Fleming then went into a discussion of the immense increases in the loads our roads must carry, due to the growth in both size and number of commercial trucks. He found that excessive axle weights on our highways are about 30 times as frequent as they were two decades ago! The present-day truck-and-trailer units can be fairly compared to railroad boxcars. The great difference is that the railroads' cars run on tracks they built with private money—not on roads everyone must pay for.

It's time every state seriously considered the fact that "safety on the highway is directly conditioned by safety of the highway."

#### Heavy Sleeping Blankets

In the eight hours you spend  
sleeping each night, your breathing  
lifts the bedclothes 7,000 times.  
That takes energy! Lightweight  
bedclothes, however, will cut the  
energy spent in pushing up those  
bedclothes 7,000 times.

#### Foot-And-Mouth Disease

False alarms have become an en-  
couraging omen in the battle  
against foot-and-mouth disease in  
Mexico. Several times during the  
past few months, Mexican stock-  
men and inspectors have urgently  
reported animals affected with  
symptoms of this disease. In every  
instance, however, diagnosis has  
shown some other infection to be  
the cause, such as foot rot or  
vesicular stomatitis. The fact that  
no outbreaks of foot-and-mouth dis-  
ease have been seen in Mexico  
since the end of 1949 has given new  
hope that it eventually may be  
eradicated.

#### Castings for Castings

Castings of gray iron are widely  
used as machinery parts. Specially  
formulated finishes are effective in  
improving their appearance and in  
protecting rust and corrosion. These  
finishes form a continuous film  
which prevents contact of the metal  
and corrosive atmosphere, liquids  
or gases.

## Legion Auxiliary Report on Annual Christmas Work

Mrs. Harold Ellis, president of the local unit of the Legion Auxiliary, reported this week on Christmas activities of the state Legion Auxiliary. She said that one of the most important functions of the Auxiliary is the work in veterans' hospitals at Christmas time to help hold homesickness in the patients to a low level.

Mrs. W. K. Hills, rehabilitation chairman for the unit, reports that the Christmas gift shops, which set up units within the veterans' hospitals and distribute gifts, which the veterans may send to their loved ones is a large part of the work at Christmas. She explains that patients who are able to come to the shops are allowed to select gifts at no cost, and that patients who are bed fast are serviced by bringing a large selection of gifts to the bedside and allowing these patients to make selections. Cost of this part of the program last year was more than \$4,000, with 11 shops set up and 3500 veterans enabled to send Christmas gifts to their families.

The Auxiliary was also active in assisting the Legions' "Gifts for Yanks" program which insured that every veteran within the state received a Christmas gift. 14,000 gifts were distributed to the forty-three hospitals in the state.

Another part of the Christmas program of the Auxiliary is the child welfare division, and according to Mrs. Louise Erickson, local chairman, a survey was made to obtain addresses of the children of disabled veterans in order that these could be provided with gifts at Christmas. Cost of this program for the state was \$5,328.

## Methodists to Conduct New Year Watch Service After Family Meeting

A New Year's Eve program for the family has been planned by the Methodist church of Antioch for this Sunday evening. The program will get underway at 8:30 and will include games, singing, movies and light refreshments.

At 11:30 a special Watch Night service will be held in the sanctuary. The local church will join with the denomination's nearly nine million members in special prayers for peace at this mid-century. The call to prayer was sounded by the Methodist Council of Bishops and the church's General Board of Evangelism.

Rev. G. Richard Tuttle, the local minister pointed out that as we enter the New Year Christians should plan to come together for prayer and meditation. All are cordially invited to the Watch Night Service which will conclude shortly after midnight.

## Christmas, Birthday Trees For Rejoice Grace Stieber

Christmas meant an extra number of presents again this year for Rejoice Grace Stieber, daughter of Mr. and Mrs. Jack Stieber of the Felter subdivision, for it was also her birthday anniversary.

As usual, there were two decorated trees at the Stieber residence, one under which were placed the family gifts and the other the birthday gifts for Rejoice. This year Rejoice, now 12, and her brother relieved their parents of decorating the trees, which were adopted as a means of separating Christmas and birthday gifts.

## METHODIST MINISTER AND FAMILY TO HOLD OPEN HOUSE MONDAY

The Bishop of Chicago has issued a pastoral letter to all Episcopal clergy, setting aside Sunday, Dec. 31st, as The Day of Prayer. The pastoral letter is to be read at all public services on that day, with the following prayer to be used as a Post-Communion collect:

Almighty God,  
in Whose sovereign power and love we trust,  
Hear our Prayer, we beseech Thee,

That we may bear the burden of the year, without fear,  
With wisdom and courage, in quietness and confidence,  
That both as a nation and as Thy servants

We may possess Thy Peace,  
Through Jesus Christ Our Lord.  
The prayers of all are urged by the Bishop for the peace of the world.

## St. Ignatius' Organizes As A Parish Church

The first annual meeting of the congregation of the Church of St. Ignatius of Antioch, will be held at 8 p. m. Friday, Dec. 29th, for the purpose of organizing as a parish church under the canon law of the Episcopal church and the statutes of the State of Illinois.

The meeting will open with Evening Prayer in the church, with the Rector's Report and Charge, followed by the business meeting in the parish hall for the election of Wardens and Vestrymen, and the adoption of the parish constitution. The newly-elected Vestry will then meet to "call" a Priest and Rector, elect the officers of the Vestry, and sign the affidavit of incorporation.

This is an historic event in the life of the 35-year old mission church, and marks an important step forward. It is hoped that all parishioners who signed the Notice to the Ecclesiastical Authority will be present to vote; additional opportunity will be given before the meeting to sign this petition to the Bishop.

Baptism  
Sally Jane Meyer, infant daughter of Mr. and Mrs. William J. Meyer of Antioch, was baptized Christmas Eve in the Church of St. Ignatius. God parents were Bette Meyer, Vera Horton, George Nelson and Jack Nelson. The baby wore a dress which has been used for many baptisms in the family.

Dedicate Communion Rail  
At the 11 o'clock Service on December 17th, a new Communion rail for the altar of St. Ignatius' Church was blessed by the Priest in Charge. Of oak and brass, the rail is a handsome addition to the appointments of the church. Over 100 Communions were made at it at Christmas Eve and Christmas Day Eucharists, a record number of Christmas Communions in the parish, representing over 90% of the active communicant strength.

L. C. Ross, Bishop Street, spent the yuletide with the families of his nieces, Mildred J. Bretz, Jean Arthur and Hazel Troy, all of Chicago, also with the family of William Zink of Chicago and Venetian Village.

## W. S. C. S. TO HEAR TALK ON CHRISTIAN STEWARDSHIP

The Women's Society of the Methodist church will hold a 1:30 sandwich luncheon and business meeting Wednesday, January 3, in the church dining room. Mrs. S. Boyer Nelson, chairman, and her committee will have charge of the meeting. Mrs. Louis Biel will give the devotions and Mrs. M. C. Cain, president of the society will speak on "Christian Stewardship".

## CARD OF THANKS

We are grateful to all those who rendered us aid and comfort during the recent pneumonia illness of our three daughters, Cathy, Jeannie and Bunny.

## Insurance Reduction

A general reduction in fire insurance rates on farm and city dwellings and other buildings which will save Illinois policyholders approximately \$3,300,000 annually has been approved by J. Edward Day, director of the state Department of Insurance.

All policyholders having coverage on an annual basis will get the benefit of the new rates upon renewal. Policies written for periods of more than one year will receive benefit of the new rates only if they have been in effect 45 days or less.

## Alfalfa

Under favorable conditions, a good growth of alfalfa will fix 200 to 250 pounds of nitrogen per acre each year for the first three or four years after the stand is established.

## College Courses

A Twentieth Century Fund survey shows that the traditional college courses of theology, law and medicine have steadily lost in popularity to courses in education, commerce and engineering.

## School Dance A Success

In what was characterized as the nicest party for the Antioch Township High school for several years, 75 couples divided about equally between students and alumni danced to the music of Art Smejkal's orchestra Saturday night. The event was formal, and was arranged by the seniors.

"It was the nicest high school dance I ever witnessed," said Principal R. E. Edmundson.

## Table Tennis Legend

Table tennis originated about 1880. According to one legend it was invented by a group of British army officers stationed in India. Fretting because the rainy weather kept them from enjoying their regular tennis, these officers—so the story goes—piled some books across the center of a large table, fashioned some balls out of cotton batting and proceeded to adapt their favorite pastime, to table-top conditions. The name table tennis became more or less official in 1928 with the organization of the International Table Tennis federation.

## CHRISTIAN SCIENCE CHURCHES

The subject of the Lesson-Sermon in all churches of Christ, Scientist, on Sunday, December 31, will be:

## CHRISTIAN SCIENCE

The Golden Text is:

"When he, the Spirit of truth, is come, he will guide you into all truth: for he shall not speak of himself; but whatsoever he shall hear, that shall he speak; and he shall show you things to come" (John 16: 13).

Among the citations which comprise the Lesson-Sermon, the following are from the Bible:

"Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father" (John 14: 12).

The Lesson-Sermon includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"Divine Science derives its sanction from the Bible; and the divine origin of Science is demonstrated through the holy influence of Truth in healing sickness and sin. . . . Our Master healed the sick, practiced Christian healing, and taught the generalities of its divine Principle to his students; but he left no definite rule for demonstrating this Principle of healing and preventing disease. This rule remained to be discovered in Christian Science" (pp. 146, 147).

Simon Bolivar is known as the "Liberator of Venezuela."

We Chevrolet dealers are able to deliver more  
passenger cars and trucks than any other auto-  
mobile dealers today only because you prefer  
Chevrolet passenger cars and trucks over any  
other make.

So it is your overwhelming endorsement of  
the products and services we offer that is behind  
the production of this 25 millionth Chevrolet  
less than six months after completion of the 24  
millionth.

We are sincerely grateful. And we believe the  
best way we can express our gratitude is to  
continue to offer you the very finest services  
and the very greatest values that we possibly can.  
And that is exactly what we intend to do!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR! ★ MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

### Public Service Co. To Sponsor Weather Television Show

Clint Youle's 10-minute Weatherman Show over WNBQ will be co-sponsored by the Public Service Company of Northern Illinois and Commonwealth Edison Company beginning Wednesday, January 3, it is announced.

This increasingly popular video show is being sponsored by the two companies at 10 p. m. Wednesday and Friday in the Chicago area where, in a 50-mile radius, more than 800,000 television sets are now in use. Ceresota Flour, which formerly sponsored the program five days a week, will continue to sponsor it on Mondays, Tuesdays and Thursdays.

Clint Youle joined by his wife, the former Jeanne Eadie, in presenting the breezy, informal show. Featured in Clint's easy-to-understand explanation of the weather and what makes it good, bad or indifferent. Clint's wife helps on the commercials and discusses homemaking problems.

### 1950 Tax Forms in Mail For Antioch Residents, Sent from Kansas City

Antioch township residents will receive income tax forms by mail at the end of this week or early next week, the collector of internal revenue announced.

Residents will receive the same tax form they filed last year. For employees who made less than \$5,000 this will be form 1040-A. Business men and those who made more than \$5,000 will receive form 1040. Most of the forms, 2 million in northern Illinois, are being sent from Kansas City, Mo. A half million partnership and corporation forms are being mailed from Chicago.

#### Who Must File

Any person who earned \$500 or more must file a return, according to the law. In the case of a spouse, one joint return may be made, regardless of the income of the spouse.

A dependent who made less than \$500, other than a spouse, may file a return to collect income tax deductions and still be listed as a dependent.

Employees who received \$5,000 or less in gross salary and \$100 or less in other income may file for 1040-A. This is computed from the employee's W-2 form, which lists the employee's salary and the income tax withheld. The employee must get a W-2 form from all employers for whom he worked during 1950.

### Fur Prices Hold Good is Shown By Milwaukee Sale

Fur prices at the second December sale held by the American National Cooperative Fur Auction at Milwaukee will be of interest to local trappers since the prices on fur, which have been generally high throughout the season, remain high.

The sale, held on December 19, showed that standard mink were worth \$30.50 per lb., with males in prime condition bringing slightly more.

Next sale to be held by the organization will be held January 16, 17 and 18.

### Beef Grades Change Friday, December 29

When you buy beef after December 29, keep in mind the change in federal meat grades that became effective on that day.

Sleeter Bull, University of Illinois meats specialist, explains the grade revision, adopted by the U. S. Department of Agriculture, as an upgrading of the old federal meat grades. Under this new system, the old Choice grade becomes Prime, Good becomes Choice, and the younger Commercial becomes Good.

Prime beef has a thick covering of firm white or creamy white fat. The lean is pink or bright cherry red, firm and well marbled (fat distributed through the lean). Only the best steers and heifers qualify for this grade.

The lean of U. S. Choice meat is darker than that of Prime and usually contains some, but not much, marbling. The fat is white or creamy white and firm.

Choice meat comes from steers, heifers and some young beef-herd cows which have been corn-fed. It gives both tastiness and economy, since it has good flavor, is reasonably tender and is not wasteful.

Recommended is the new Choice grade for the homemaker who demands good quality for the money spent.

U. S. Good beef comes from grass-fed young steers, heifers and some fat cows. It is not so rich in flavor nor so tender as Choice or Prime, but it gives a large amount of fairly good lean at an economical price.

U. S. Commercial includes some beef from relatively immature steers and heifers, but most of it is from mature cows. Commercial cow beef has dark red lean with some or no marbling and a moderately thick covering of yellow fat. Steer and heifer beef of this grade has little or no fat covering and no marbling. Cuts of Commercial meat generally are suitable for frying, braising or stewing.

### Kenosha Co. School Fight Sees People's Opposition Organized

Although enough opposition to the proposed new high school district of Kenosha county developed at the election and meeting last week to prevent further action by the board without a second special election, opponents of the measure have not stopped working against the proposition and this week have held a meeting of opponents of the measure and seek to block further consideration of the plan.

At a meeting held December 20 at Wheatland Town Hall was formed an organized, unified committee composed of a group of taxpayers, which was named the "people's opposition committee." Specific purposes of the committee will be to block erection of a school building in Kenosha county, and to strive to have territory within the school district in question included in the existing districts, which already have facilities.

Heading the new committee are Joseph Pfeffer, Irving Rhodes, Henry Gehring, Louis Frederick and Roland Benedict.

A statement by the new committee reads as follows:

"The respective boards and officials of these three high schools assured us that they have very well established schools with records they are proud of, as to their curricular offerings, their excellent state reports and the reasonable operating costs of their institutions. A more detailed statement of each school will be presented to this group and more interesting information will be passed on to the people. The three boards are in unanimous agreement that if the people so wish they sincerely invite any new territory which may want to become a part of their respective districts and you can be assured that the high school youngsters from this territory will have the opportunity to obtain as fine an education as any other schools can offer and all this at a great savings to the taxpayers. It was very definitely stated that the decisions made shall be the wishes of the people and shall be made by the people."

**Board Plans Second Vote**  
Meanwhile the duly elected school board for the new district is moving forward with plans for a second referendum on the proposition to build a new school to serve the district. According to present plans, the election will take place on January 9. This election will be solely a referendum, and no meeting will precede it as in the past. Residents of surrounding territory will watch with interest the outcome of this election, which if it fails will place the board in a position of not being able to hold a third election until June 1951, since only two referendums per calendar year are provided for in Wisconsin's school law.

### OUR DEMOCRACY—by Met

**A FRESH SLATE—**

AT THE END OF THE OLD YEAR, IT IS AN ANCIENT AND HONORED CUSTOM IN AMERICA TO CAST UP ACCOUNTS AND TAKE STOCK OF WHERE WE STAND—AND TO START THE NEW YEAR WITH A FRESH SLATE.

OF COURSE WE CAN'T ALL, AS INDIVIDUALS, COMPLETELY BALANCE OUR ACCOUNTS—BUT WE CAN START WITH A FRESH SLATE TO WORK OUT BETTER, BRAVER PLANS FOR OUR FUTURE—TO PROVIDE GREATER SECURITY THROUGH LIFE INSURANCE AND SAVINGS FOR OUR FAMILIES—TO GAIN FOR OURSELVES GREATER OPPORTUNITIES AND SATISFACTIONS IN THE NEW YEAR.

### Mother Comes to the Aid of the Children's Party

Food, fun, frolic and first aid are often the ingredients of a children's party. Wise mothers make plans for all four in advance; it means a better time for everyone concerned.

**FOOD** should be kept on the simple side. Everyday menu items can be dressed up in real party fashion. Simple puddings, for instance, become gala dishes when poured into individual tart shells and decorated with pastry cut-outs to suit the season—witches for Halloween, trees and bells for Christmas, animal crackers and horses for the circus or birthday party.

White cake cut in squares may have figures outlined on it with cinnamon candies or gay gumdrops. Scoops of ice cream take on new personality when given eyes, nose and mouth of cinnamon candy, and hair of tinted coconut.

**FUN** doubles itself when it's done in partnership. Young children like to play games by twos, with prizes awarded teams and partners instead of individuals. To eliminate tears and disappointments, it's best to see that each child gets a prize to take home. Grab-bags often solve this problem, with the winners of various games being given "points" and allowed to pick first from the grab-bag.

### New Mechanism Protects Coffee Taste, Quality

**NEW YORK.**—Housewives whose coffee tastes exactly the same each morning may owe thanks for its uniformity to a piece of clay tile—not on their kitchen walls, but in the plant where the coffee is roasted.

Coffee companies use a new photo-electric cell mechanism to keep a watchful electric eye on roasting coffee beans. The mechanism, called a colorimeter, is so sensitive it detects the slightest change in the color of the bean—which would mean a change in its taste and aroma.

Occasionally the colorimeter goes blind. It fails to function properly and can't spot small changes in the coffee bean color. To check the machine, engineers decided to expose it regularly to a substance that always retains the same color despite great changes in temperature and light conditions.

They discovered that clay tile, which holds its original baked-in color for years despite hard wear and temperature variations, is the ideal material for checking the colorimeter. If the mechanism reacts the same every time it's exposed to the same piece of tile, it's not colorblind and can properly police the roasting beans.

**FROLIC** is fine, but it's a good idea to alternate between active and quiet games. If the party seems to be getting over-zealous, it's often wise to dress all the guests up and let them play an "around the block" game out-of-doors. This respite often gives mother's helper a chance to get refreshments in place.

**FIRST AID**—let's hope there's no need, but should there be a scratched knee or bruised elbow, the wise mother will have a few first-aid items on hand. Antiseptic should be applied, then a sterile gauze pad may be taped on to keep out further dirt. Sterile gauze pads are individually wrapped and sterilized in protective envelopes that keep the pads sterile for use. Hostesses will find them handy for applying antiseptic, covering a wound, or removing a speck of dirt from a child's eye.

First-aid items at hand, prompt attention and matter-of-fact calmness will go a long way toward healing any hurt and helping the party get back into swing again.

posted to the same piece of tile, it's not colorblind and can properly police the roasting beans. So, the tile polices the machine that polices the roasting coffee. Thanks to a few small-pieces of the same substances that lines many kitchen walls the coffee made in the kitchen has the same taste each day.

### Consumption of Fertilizer

Consumption of nitrogen fertilizer in the United States is now more than twice the prewar level and is expected to continue rising over the next few years. There is a brick demand for nitrogen in the United States and if commercial production should increase it would probably be taken by the farmers of this country. Only small quantities of commercial products would be left for export unless a set-aside program were instituted.

### Tropics Not Fertile

The popular belief that the tropics are fertile is not true. Although the rainy tropics favor certain types of trees, shallow-rooted crops do not thrive. Once the cover is removed, the good qualities of the soil are quickly exhausted after the first year or two of cultivation.

### Two Robbers . . . . .

(Continued from page 1)

out for him, is Wilkink or DeWitt, and Sheriff Christian said that it is only a matter of time until he is arrested, since FBI agents have a complete description and other information concerning him.

Sheriff Christian said that the local county authorities would not take any hand in the matter, since bank robbery is a federal offense, and that more severe penalties would be meted out in the federal courts where the culprits would be tried.
